## Save the Date!

We are delighted to share that we will be hosting our Christmas market on Wednesday 3rd December!

There will be a range of local suppliers for you to browse, with 10% of profits being donated to Alzheimer's Research UK! The bar will also be open, serving festive drinks! More details and sign-up link to follow!

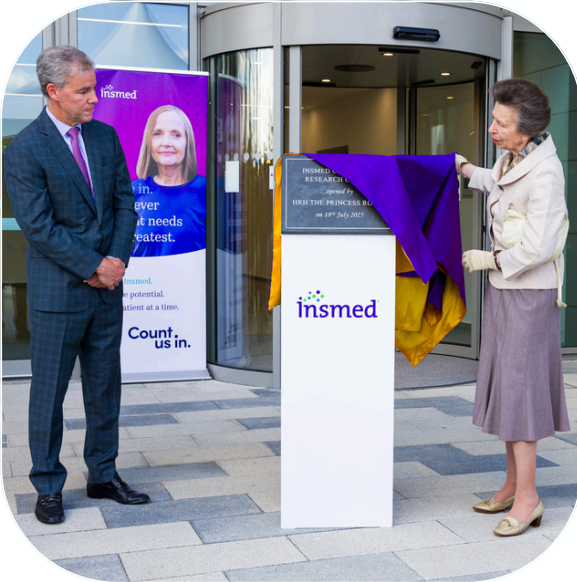

**We recently hosted our Accelerate@Babraham Demo Day! Read the article on our website!**

**Beautiful bees enjoying the lavender on Campus!**

**Campus-based Proteotype Diagnostics achieves breakthrough in early cancer detection and treatment prediction. Read the article on our website!**

## **Insmmed Opens New R&D Facility at Babraham Research Campus, Officially Inaugurated by HRH The Princess Royal**

Insmmed Incorporated welcomes the opening of a new research and development (R&D) facility in Cambridge, UK, by Her Royal Highness The Princess Royal. With the new site focused on synthetic rescue for serious diseases, Insmmed expands its UK-based R&D presence in Cambridge. Read the article on our website!

## **We are so proud of our Office Support Manager, Zoe Ashton, who will be running her first Half Marathon - the Great North Run - this September!**

Zoe will be running for Mind, a charity fighting for mental health support to be available to everyone. For more information, or to donate, please visit [justgiving.com](https://justgiving.com).

Good Luck to everyone running the 2025 Great North Run!

We hope you enjoyed this months' newsletter! If there is anything specific you would like to hear about, please do let us know by contacting [minniejo.hurstjoy@babraham.co.uk](mailto:minniejo.hurstjoy@babraham.co.uk)!
